New Orleans Stewards Ask Corrigan to Keep Kim Down, Instead of Suspending Him Themselves-Jamaica Stakes to Close March 9-Tlp on Corbett.

Jack Williams of Mineraville in the second round. Kin Fenett of Centralia disposed of Young Geary in the fifth, Fenett receiving the verdict on a foul.

Fred Cooley of Chicago met Jack Butler of Brooklyn in a six round bout at the Bellevus A. C. Altoona, Pa. Butler held the upper hand from the start, and in the fifth round the gong saved Cooley. Cooley was the aggressor in the sixth round, and by constant infighting bad Butler in distress. Just before the gong sounded in the final round Cooley crossed the right on Butler's Jaw and the latter took the count of nine. There was no decision.

There was nothing of moment in the six round bout between Kid Stein of Philadelphia and George Krall of the same city at the Wilmington A. C. They seemed afraid of hurting one another, and the crowd yelled "Fake!" The best bout in the preliminaries was between Fred Warren of Philadelphia and Young Denvey. Denvey was knocked out in the first round.

SHOW HAS LANDED CAPT. BILL

HE IS THE ENCYCLOPÆDIA OF LONG ISLAND SPORTS.

The Captain, Who Knows It All. Has Great Tales to Tell Visitors to the Garden -Exhibitors of Motor Boats Are Making Sales-Great Fly Cast by E. J. Mills.

Capt. Bill Graham, formerly of Ireland, but now of the Anchorage, Blue Point, L. L. arrived at the Motor Boat and Sportsmen's Show at Madison Square Garden yesterday afternoon. Capt Bill, as he is more popularly called, is the only man on Long Island who knows about duck shooting and fishing. At least that is what all his friends say, and from now on stories of ducking, fishing and scooter racing will entertain all interested in those sports. Capt. Bill has been anxiously inquired for ever since the show opened, and he declares that these inquiries are very

But it is understood that Corrigan must be handled did not bleed. Lady Ellison beat the others and talks with an intelligence that surprises craft. The fad still runs to something fast. Although there are many comfortable cruisers in the show, all want to see the fast boats and to find out all particulars about them

and just how they work.
One interesting exhibit is that of James Craig, Jr. Mr. Craig built the engine that was installed in the auto boat Onontio, built last season for Harrison B. Moore from designs on the Hudson River course, which is not an approximate one, but one that has been properly surveyed by officers of the navy, at the rate of 28.66 miles an hour. The engine, a big eight cylinder affair of 250 horse-power, is in the show, and the wonderful piece of

The nominating committee has nominated the following: For president, J. Howard Wainwright, American Yacht Club; secretary, Anson B. Cole, Manhasset Bay Yacht Club; treasurer, F. A. Frain from betting on any proposition unless they think they have an ace in the hole.

John L. Sullivan has not been heard from for a week. John's challenge to Jim Corbett created so much mirth that it is just possible the big fellow has decided to keep quiet. And, by the way, what has become of Clark Bail's offer of a \$52,000 purse to Fitzsiannons and O'Brien to fight for the middleweight championship at Panama? Fitz has lapsed into a sudden fit of silence, while O'Brien to fight for the middleweight championship at Panama? Fitz has lapsed laws sent up a cry that his hands will not permit him to meet the Cornishman for some time to come. Possibly Ball might renew for the proposition would be just as safe.

It Climbs Hills On High Speed

It's the New Four-Cylinder 20 H. P. FORD

This year the Ford Cars are coming in for a lot of hammering from the representatives of other cars. The old bogie of the Selden patent is practically dead, but there are lots of other ways to disparage the cars. After all the hue and cry last season about people buying law-suits with the Ford, there was not a single customer of ours who had a suit brought against him.

Last Fall, when the first 20 h. p. Ford car appeared, the Trust manufacturers had a great fright. Some very funny stories are told about the plans they laid to get some of their factories to put a competing car on the market; but when it came to producing a four cylinder car of 20 h. p., and better, that could make equal speed to the Ford, or climb hills beside it, there was not a factory to undertake the job; and there is not a Trust car today within \$1000 of the 20 h. p. Ford

As for durability and reliability the Ford cars have always been supreme. The Ford cars ride as smoothly as an electric car. All of the mechanism is so simple that things rarely happen, and anything that does happen is a simple matter to repair. Your son or daughter can run a Ford with absolute safety. Easy of control, notwithstanding its high speed and splendid hill-climbing quality. 20 h. p. Ford with four cylinders, with double side entrance, phaeton style;

which qualified so well last year. These cars are built on beautiful lines, are superbly made and finished, and known as the Quality Car. Double side entrance, phaeton body; price, \$1,500.

We would be glad to give you a demonstration of any of these cars, at your convenience, and you can make the engagement either in the store or by mail or tele-Salesrooms, Basement of Main Store.
